

# GITARATTAN INSTITUTE OF ADVANCED STUDIES & TRAINING

## WORKSHOP

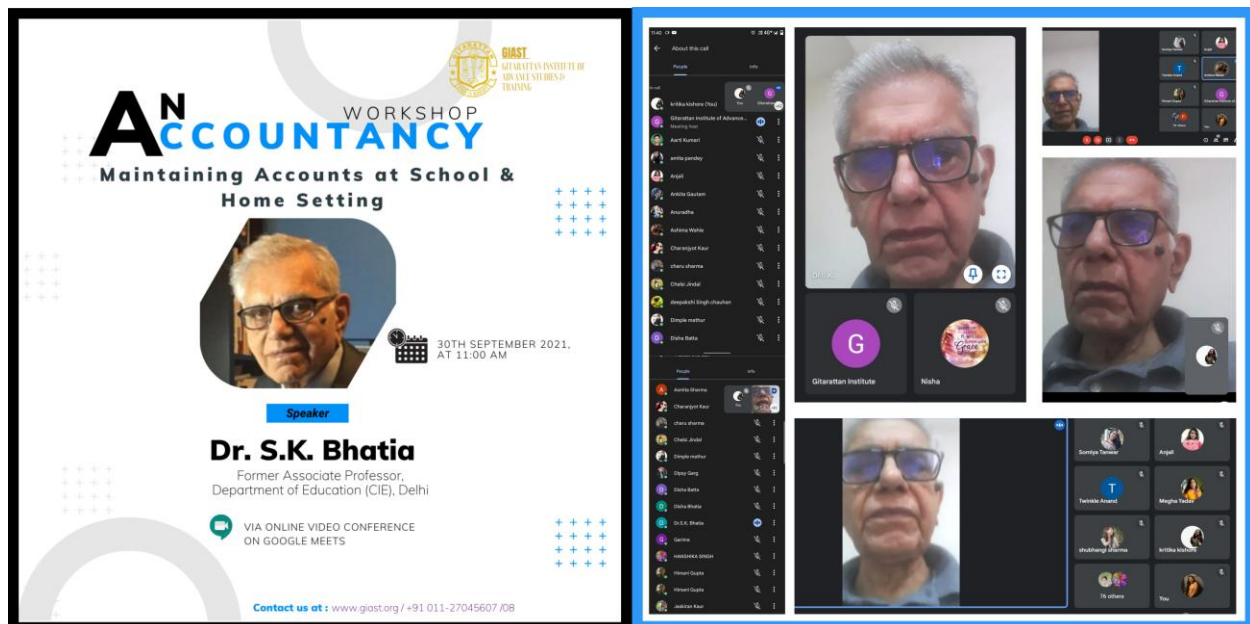

### ON

### MAINTAINING ACCOUNTS AT SCHOOL AND IN-HOME SETTING

**Date: September 30th, 2021**

**Venue: Google meet**

**Time: 11:00 am – 12:00 pm**

**With time passing by and the importance of every other field with relevance of education and survival itself has become the necessity. In the light of the same, our college; Gitarattan Institute of Advanced Studies & Training organized a workshop on "Maintaining accounts at school and in-home setting" for the**

## **GITARATTAN INSTITUTE OF ADVANCED STUDIES & TRAINING**

**teacher-trainees of B.Ed. II year as the part of curriculum in celebration of "Nai Taleem"(basic education) propounded by Mahatma Gandhi. The workshop was conducted by Mr. S.K. BHATIA Sir, former associate professor department of education CIE Delhi.**

**The workshop started with the thoughts of Mahatma Gandhi with regard to accountancy. From sharing the different ways to the absolute linkage of accountancy with craft, Sir created the aura among us that focused on the importance and benefits of accountancy. Also, how one can develop interest within the students for accountancy with the help of craft and about the linkage of craft with subjects like language, geography and science.**

**This workshop enlightened the necessity of accountancy. His focus on how "Nai Taleem" scheme was very effective yet somehow failed as crafts and art oriented environment suggested by Mahatma Gandhi became obsolete over the time. Although, the new techniques and policies adapted by the recent time in education is still work in a progress and is promising to show a significant change yet somehow is incomparable with regard to the contribution of Mahatma Gandhi.**

**The entire experience throughout the session was factual, knowledgeable and exceptionally delightful.**
