

## Dussehra celebration – Ode to COVID Warriors

Dussehra is celebrated with great enthusiasm and rituals across the country. And the underlying spiritual significance of all these traditions behind Dusshera is the victory of good over evil and the resurgence of hope and faith. During the pandemic, it becomes important to restore faith among the students in our healthcare system and to fight back coronavirus disease. For the same purpose, the institute organised a Co-curricular activity “Ode to COVID Warriors” for the pupil teachers of D.El.Ed on 23<sup>rd</sup> October’ 2020 to celebrate Dusshera on the virtual platform; Google Meet.

The aim of the activity was to develop innovative ideas among the pupil teachers to express their gratitude towards the COVID warriors. The pupil teachers came forward with creative ideas such as reciting an inspiring poem, delivering a motivational speech, creating videos, collages, paintings, posters and many more. Some pupil teachers presented their thoughts through pictures and powerpoint presentations, whereas few others took it to another level by innovatively using the food articles. All the pupil teachers took participation in the activity with great enthusiasm.

The tasks performed by the pupil teachers were observed and evaluated by their respective class teachers. The pupil teachers were able to reflect upon their creative abilities and learnt new things from their peers.

Some of the tasks performed by pupil teachers are as follows :-
