Gitarattan Institute of Advanced Studies and Training gives numerous amount of opportunities to the students of the institute. They organize various workshops and extension lectures for the advancement of the students. The recent workshop which was held on July 5, Tuesday from 1:25 pm- 2:25 pm, for the entrepreneurship mindset curriculum, where the basic idea of an entrepreneur was given. Objectives and the skills of a successful entrepreneur were also fostered among the students. Various real-life examples were also used during the discussion. An entrepreneur enjoys many liberties in life yet faces a lot of challenges while taking his entrepreneurship to greater heights. In the end, it was an informative workshop for the students who are planning to step into an extensive and innovative field of entrepreneurship.
